

Position:

Civil/Water Resources Engineer

Location:

Meliora Design, Phoenixville, PA

Job Description:

Meliora Design is seeking a motivated engineer for a wide range of civil engineering projects that include green infrastructure, water resources management, and a focus on sustainability. The ideal candidate will have a BS and preferably an MS in Civil, Environmental, or Biological Systems Engineering, be an innovative thinker, and be able to work simultaneously on multiple projects. This is a full-time position, and the applicant will work as a member of a design team on a variety of civil engineering and water resources assignments.

Meliora Design is a civil engineering firm founded in 2007 with a focus on sustainable site design, water resources management, and resiliency. We are currently working a hybrid schedule requiring Tuesday, Wednesday, and Thursday work in the office and Monday/Friday remote work.

Qualifications:

- B.S. (M.S. preferred) in Civil Engineering, Environmental or Biological Systems Engineering
- 2-5 years relevant experience
- Experience in AutoCAD software preferred. Experience in AutoCAD Civil 3D a plus
- EIT Preferred
- Course work in water resources engineering is required
- Course work or experience in green infrastructure design is a plus
- Experience in GIS is a plus
- Experience with Construction Administration is a plus

Job Responsibilities:

- Technical responsibilities include civil engineering design, CAD drafting, permitting, and construction administration activities as well as developing design reports and construction documents.
- Responsibilities also include hydrologic and hydraulic modeling, water resources planning, and regulatory permit applications.
- Working closely and communicating regularly (both oral and written) with coworkers and clients
- Working on multiple, unique assignments simultaneously, utilizing organizational, analytical, and problem-solving skills.
- Permitting applications at the local, state, and federal level.

Meliora is an equal opportunity employer with a flexible and dynamic work environment, and opportunity for growth.

Benefits include health, dental, disability, life, 401K, and paid vacation/holidays.

Qualified candidates should submit a cover letter, resume, and references to Marc Henderson at
